

I AM H·E·R·E is the only coalition in North Texas focused solely on teen and young adult mental health. It brings together key sectors of the community to work on improving the way we serve the mental health needs of our youth.

H·E·R·E stands for **Help, Education, Resources and Encouragement**—four critical components that must be addressed to strengthen the network of mental health resources in our community.

We are calling all who hold a stake in the mental health and well-being of our youth to join this effort by contributing their experience and vision. **Please join us**—we need your ideas, input and expertise!
